

**Physical Fitness  
Assessment**

Annually, a district shall assess the physical fitness of students in grade 3 or higher in a course that satisfies the curriculum requirements for physical education under Education Code 28.002(a)(2)(C), using an assessment instrument adopted by the commissioner of education (currently FitnessGram®). *Education Code 38.101(a), .102(a)*

A district is not required to assess a student for whom, as a result of disability or other condition identified by commissioner rule, the assessment instrument is inappropriate. *Education Code 38.101(b)*

The assessment instrument must be based on factors related to student health, including aerobic capacity; body composition; and muscular strength, endurance, and flexibility, unless a particular factor is inappropriate for that student because of a health classification defined in 19 Administrative Code 74.31 [see EHAA]. *Education Code 38.102(b)(1); 19 TAC 103.1001(b)*

Report

A district shall provide the results of individual student performance on the physical fitness assessment to TEA. The results may not contain the names of individual students or teachers or a student's social security number or date of birth.

Confidentiality

The results of individual student performance on the physical fitness assessment instrument are confidential and may be released only in accordance with state and federal law.

**Vision and Hearing  
Screening**

As soon as possible after admission and within a period set by rule, a student required to be screened shall undergo approved screening for vision and hearing disorders and any other special senses and communication disorders specified by the Texas Department of State Health Services (TDSHS). *Health and Safety Code 36.005(a)*

District  
Responsibility

A superintendent shall ensure that each student admitted to a district complies with the screening requirements set by TDSHS or submits an affidavit of exemption (see below). *Health and Safety Code 36.005(c)*

Screening Schedule  
*Routine  
Screening*

Children enrolled in prekindergarten and kindergarten must be screened each year within 120 days of enrollment. Children enrolled in the first, third, fifth, and seventh grades must receive vision and hearing screening in each of those grade years (can be done at any time during each of those years). Upon written request

	approved by TDSHS, the screening of vision and hearing may instead occur in prekindergarten; kindergarten; and first, second, fourth, and sixth grades. <i>25 TAC 37.25(a)(2), (3), (6)</i>
<i>Screening on Enrollment</i>	Students four years of age and older, who are enrolled in a district for the first time, must be screened for possible vision and hearing problems within 120 calendar days of enrollment. If the student is enrolled within 60 days of the date school closes for the summer, the student must be tested within 120 days of the beginning of the following school year. Students enrolled who turn four years of age after September 1 of that year are exempt from screening until the following September. <i>25 TAC 37.25(a)(1), (5)</i>
Outside Screening	Except for students enrolled in prekindergarten, kindergarten, or first grade, a district shall exempt a student from screening if the student's parent, managing conservator, or legal guardian, or the student under Family Code 32.003 submits a record showing that a professional examination was properly conducted during the grade year in question or during the previous year. The record must be submitted during the grade year in which the screening would otherwise be required. <i>25 TAC 37.25(a)(4)</i>
Provisional Admission	A parent, managing conservator, or legal guardian, or the student under Family Code 32.003 may execute an affidavit stating that a person, other than the screener used by a district, shall conduct the screening (or that a licensed professional shall conduct an examination) as soon as is feasible. The district may admit the student on a provisional basis for up to 60 days, or may deny admission until the screening record(s) are provided to the district. <i>25 TAC 37.25(b)</i>
Exemption — Religious Beliefs	A student is exempt from screening if it conflicts with the tenets and practices of a recognized church or religious denomination of which the student is an adherent or a member. To qualify for the exemption, the student or minor student's parent, managing conservator, or guardian must submit on or before the day of admission an affidavit stating the objections to screening. <i>Health and Safety Code 36.005(b); 25 TAC 37.25(c)</i>
Records	A superintendent shall maintain on a form prescribed by TDSHS in accordance with TDSHS rules, screening records for each student in attendance, and the records are open for inspection by TDSHS or the local health department. <i>Health and Safety Code 36.006; 25 TAC 37.26</i>
<i>Transfer of Records</i>	A student's screening records may be transferred among districts without the consent of the student or minor student's parent, managing conservator, or guardian. <i>Health and Safety Code 36.006(c); 25 TAC 37.26(b)(4)</i>
