Note: The following provisions address requirements for a charter partnership to receive the benefits of Education Code 11.174 and 48.252. For the general campus charter requirements applicable to partnership charters, see ELA(LEGAL).

The board may contract with a partner to operate a campus. The partner may be an open-enrollment charter school or, on approval by the commissioner of education, an entity granted a charter by the district under Chapter 12, Subchapter C that is eligible to be awarded a charter under Education Code 12.101(a). The campus must be granted a charter under Chapter 12, Subchapter C. Education Code 11.174(a), (d)

A campus operated under a contract qualifies for an exemption from intervention as provided below and qualifies for funding as provided by Education Code 48.252 [see Funding for Certain Students, below].

The board may enter into a contract only if:

1. The charter of the open-enrollment charter school has not been previously revoked;

2. For the three school years preceding the school year of the proposed operation of the campus, the open-enrollment charter school has received:
   a. An overall performance rating of acceptable or higher; and
   b. A financial accountability rating indicating financial performance of satisfactory or higher; or

3. The entity considered for a district-authorized charter has not previously operated an open-enrollment charter school in which the charter expired or was revoked or surrendered.

Education Code 11.174(a)–(b)

For a campus under a contract that received an overall performance rating of unacceptable under Education Code Chapter 39, Subchapter C for the school year before operation under the contract began, the commissioner may not impose a sanction or take action against the campus under Education Code 39A for failure to satisfy academic performance standards during the first two school years of operation of a campus under the contract. [See AIA, AIC]

A campus is eligible for an exemption from applicable sanctions or actions if the campus and the partnership to operate the campus
meet all applicable requirements and the campus was operated under the partnership from the first to the last day of the school year of the campus. A school year must include, at a minimum, all minutes of operation and instructional time conducted on the campus, and all the days for which the instructional workforce of the campus that provides education services for students are employed.

The overall performance rating received by the campus during those first two school years is not included in calculating consecutive school years and is not considered a break in consecutive school years.

**Education Code 11.174(f); 19 TAC 97.1077**

**Applicability**

A campus shall not qualify for an intervention pause unless during the school year prior to the operation of a partnership charter the campus received an unacceptable performance rating, except as provided by 19 Administrative Code 97.1077(e) (campus that operates a partnership charter for less than a year). 19 TAC 97.1062(b)

The Texas Education Agency (TEA) will not withdraw or postpone issuing any orders or determinations required or authorized that arise due to the performance rating from the school year prior to the school year in which the campus qualifies for the intervention pause, and any order or determination will resume upon expiration of the intervention pause.

Any intervention or sanction not covered by the intervention pause shall continue.

If a campus ceases to qualify for the intervention pause at any point during a school year, TEA will resume previously ordered interventions and sanctions, order interventions and sanctions based on the rating from that school year, and count that rating for purposes of consecutive years of performance.

TEA will not pursue interventions under Education Code 39A.101–39A.109 and 39A.111 for a campus eligible for an intervention pause if one of the school years eligible for an intervention pause results in an acceptable or higher overall rating.

If after the expiration of the intervention pause a campus receives an unacceptable rating, TEA will apply the requisite interventions that apply to the consecutive year that corresponds to the campus’s actual number of consecutive years of unacceptable performance minus the number of intervention pause years and, if applicable, accounting for the modification under 19 Administrative Code 97.1062(c).
If a campus qualifies for an intervention pause for a school year after the conclusion of the school year in which an order is authorized under Education Code 39A.111, the intervention under Education Code 39A.111 will not pause.

A campus that receives an intervention pause will still receive an accountability rating for that school year.

Performance of students at a campus that receives an intervention pause shall be considered in the accountability rating of the district and the application of an intervention pause to a campus shall not pause or alter any intervention applicable to the district or other campuses.

4. The operating partner must have initial, final, and sole authority to supervise, manage, evaluate, and rescind the assignment of any district employee or district contractor from the campus. If the operating partner rescinds the assignment of any district employee or district contractor, the district must grant the request within 20 working days.

19 TAC 97.1075(c)(1)

5. Initial, final, and sole authority to determine how the entire campus budget, including any and all federal and state grant funds due the campus, is allocated. The governing body of the operating partner shall approve the campus budget in a meeting held under the Texas Open Meetings Act [see BE]. Notwithstanding such budget authority, the operating partner’s expenditures must comply with the applicable restrictions on the use of state and federal funds; and
6. Initial, final, and sole authority to implement and adjust the campus budget.
