Teacher
Qualifications

As a condition of receiving assistance under Title I, Part A of the Elementary and Secondary Education Act (ESEA) (20 U.S.C. 6301 et seq.), a district shall, at the beginning of each school year, notify the parents of each student attending any school receiving such funds that the parents may request, and the district shall provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including, at a minimum, the following:

1. Whether the student's teacher:
 - a. Has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
 - b. Is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived; and
 - c. Is teaching in the field of discipline of the certification of the teacher.
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

20 U.S.C. 6312(e)(1)(A)

Federally Required
Notice—Lack of
Credentials

A school that receives such federal funds shall also provide to each individual parent of a child who is a student in such school, with respect to such student, timely notice that the student has been assigned, or has been taught for four or more consecutive weeks by, a teacher who does not meet applicable state certification or licensure requirements at the grade level and subject area in which the teacher has been assigned. *20 U.S.C. 6312(e)(1)(B)(ii)*

State-Required
Notice—Lack of
Credentials

If a district assigns an inappropriately certified or uncertified teacher (as defined below) to the same classroom for more than 30 consecutive instructional days during the same school year, it shall provide written notice of the assignment to the parents or guardians of each student in that classroom.

A superintendent shall provide the notice not later than the 30th instructional day after the date of the assignment of the inappropriately certified or uncertified teacher. A district shall make a good-faith effort to ensure that the notice is provided in a bilingual form to any parent or guardian whose primary language is not English. A district shall retain a copy of the notice and make information relating to teacher certification available to the public on request.

An “inappropriately certified or uncertified teacher” includes an individual serving on an emergency certificate or an individual who does not hold any certificate or permit. It does not include an individual who is:

1. Certified and assigned to teach a class or classes outside his or her area of certification, as determined by State Board for Educator Certification (SBEC) rules specifying the certificate required for an assignment;
2. Serving on a certificate issued due to a hearing impairment;
3. Serving on a certificate issued pursuant to enrollment in an approved alternative certification program;
4. Certified by another state or country and serving on a certificate issued under Education Code 21.052;
5. Serving on a school district teaching permit; or
6. Employed under a waiver granted by the commissioner of education.

The state notice requirement does not apply if a school is required in accordance with Section 1006, Every Student Succeeds Act [20 U.S.C. Section 6312(e)(1)(B)(ii)], to provide notice to a parent or guardian regarding a teacher who does not meet certification requirements at the grade level and subject area in which the teacher is assigned, provided the school provides notice as required by that Act. [See Federally Required Notice—Lack of Credentials, above]

License

A person may not be employed by a district as an audiologist, occupational therapist, physical therapist, physician, nurse, school psychologist, associate school psychologist, licensed professional counselor, marriage and family therapist, social worker, or speech language pathologist unless the person is licensed by the state agency that licenses that profession. A person may perform specific services within those professions for a district only if the person holds the appropriate credentials from the appropriate state agency.

School District Teaching Permit

A district may issue a school district teaching permit and employ as a teacher a person who does not hold a teaching certificate issued by SBEC. To be eligible for a school district teaching permit, a person must hold a baccalaureate degree. *Education Code 21.055(a)–(b)*

Statement to Commissioner

Promptly after employing a person under a school district permit, a district shall send a written statement to the commissioner. This statement must identify the person, the person's qualifications as a teacher, and the subject or class the person will teach. The person may teach the subject or class pending action by the commissioner.

Not later than the 30th day after the commissioner receives a district's statement, the commissioner may inform the district that the person is not qualified to teach. The person may not teach if the commissioner finds that the person is not qualified. If the commissioner fails to act before the 30th day after receiving the statement, a district may issue the school district teaching permit and the person may teach the subject or class identified in the statement sent to the commissioner.

Education Code 21.055(c)–(d)

Noncore Career and Technical Courses

The following requirements do not apply to a person who will teach only noncore academic career and technical education courses:

1. The requirement to hold a baccalaureate degree;
2. The requirement that the district send a written statement to the commissioner identifying the person, the person's qualifications as a teacher, and the subject or class the person will teach; and

3. The requirement that the commissioner inform the district in writing if the commissioner finds the person to be not qualified to teach.

A board may issue a school district teaching permit to a person who will teach courses only in career and technical education based on qualifications certified by the superintendent. Qualifications must include demonstrated subject matter expertise such as professional work experience, formal training and education, holding an active professional relevant industry license, certification, or registration, or any combination of work experience, training and education, or industry license, certification, or registration, in the subject matter to be taught.

The superintendent shall certify to the board that a new employee has undergone a criminal background check and is capable of proper classroom management. A district shall require a new employee to obtain at least 20 hours of classroom management training and to comply with continuing education requirements as determined by the board.

A person may teach a career and technical education course immediately upon issuance of a permit. Promptly after employing a person who qualifies under Education Code 21.055(d-1), the board shall send to the commissioner a written statement identifying the person, the course the person will teach, and the person's qualifications to teach the course.

Education Code 21.055(d-1)

Validity of
Emergency Permit

The validity date of an activated and authorized emergency permit is specified in 19 Administrative Code 230.97, Effective Dates of Certificates and Permit Issuance.

An emergency permit is valid for the remainder of the school year for which it is activated and authorized by SBEC. The emergency permit must be submitted to TEA within 45 instructional days from the date of assignment. A permit authorized by SBEC is valid for service only in the requesting district and only for the assignments indicated on the emergency permit application.

Effective with the 2017–18 school year, the employment of an individual on an emergency permit, with the exception of the assignment as a JROTC instructor or a teacher of students with visual impairments may not exceed one school year in the same assignment. [See One-Year Limitation, below]

Prior to the 2017–18 school year, the individual may serve in a specific assignment no more than one additional school year beyond the initial emergency permit. To continue beyond the initial emergency permit year, the individual must comply with the renewal provisions specified in 19 Administrative Code 230.81. [See Renewal Requirements and Procedures, below]

Effective with the 2017–18 school year, to continue employment in the assignment beyond the validity of the initial emergency permit, the individual must hold the appropriate certificate, in accordance with 19 Administrative Code, Chapter 231, Requirements for Public School Personnel Assignments. An individual may not serve as a classroom teacher of record in the district for more than three school years without obtaining initial, standard certification.

Access to
Employee Records

With regard to public access to information in personnel records, custodians of such records shall adhere to the requirements of the Public Information Act. *Gov't Code Ch. 552 [See GBA]*

Information in a personnel file is excepted from the requirements of the Public Information Act if the disclosure would constitute a clearly unwarranted invasion of personal privacy.

Except as provided below, an employee of a district shall choose whether to allow public access to information in the district's custody that relates to the employee's home address, home telephone number, emergency contact information, or social security number, or that reveals whether the person has family members.

Gov't Code 552.024, .102(a)

The social security number of an employee of a district in the custody of the district is confidential. A district may not require an employee or former employee of the district to choose whether to allow public access to the employee's or former employee's social security number. *Gov't Code 552.024(a-1), .147(a-1)*

*Employee Right
of Access*

All information in the personnel file of a district employee shall be made available to that employee or the employee's designated representative as public information is made available under the Public Information Act. An employee or an employee's authorized representative has a special right of access, beyond the right of the general public, to information held by a district that relates to the employee and that is protected from public disclosure by laws intended to protect the employee's privacy interests.

A district may not deny to the employee or his or her representative access to information relating to the employee on the grounds that the information is considered confidential by privacy principles under the Public Information Act. A district may assert as grounds for denial of access other provisions of the Public Information Act or other laws that are not intended to protect the employee's privacy interests.

If a district determines that information in the employee's records is exempt from disclosure under an exception of Government Code Chapter 552, Subchapter C, other than an exception intended to protect the privacy interest of the requestor or the person whom the requestor is authorized to represent, it shall submit a written request for a decision to the attorney general before disclosing the information. If a decision is not requested, a district shall release the information to the requestor not later than the tenth day after the request for information is received.
