

Tuberculosis Testing	All students entering District schools for the first time in any grade shall follow the Department of State Health Services recommendations and/or the City of Laredo Health Department recommendations regarding tuberculosis screening in school settings.
Required Medical Clearance	Prior to participating in a designated University Interscholastic League (UIL) program or other District extracurricular program identified by the Superintendent, a student shall undergo a physical examination annually and shall submit a statement from an authorized health-care provider indicating that the student has been examined and medically cleared to participate in the program.
Additional Screening	The District may provide additional screening as District and community resources permit.
Referrals	Parents of students identified through any screening programs as needing treatment or further examination shall be advised of the need and referred to appropriate health agencies.
Notice of Lice	A school nurse or administrator who discovers or becomes aware that a child enrolled in a District elementary school has lice shall provide written or electronic notice to parents within the time frames prescribed in law.
