

**Hunter Education /
Criminal Justice**

Instructors in hunter education/criminal justice courses shall be permitted to bring or arrange for authorized individuals to bring unloaded firearms onto school premises for instructional purposes upon strict compliance with the following requirements:

1. The instructor shall obtain written authorization from the campus principal listing each time a firearm will be brought onto school premises. This authorization shall include both the instructor's and the principal's names and signatures;
2. The authorization shall specify the firearm owner's name, number, types, and serial numbers of firearms to be used for instructional aids;
3. The authorization shall specify when the firearms may be used and when they must be removed from campus.
4. The instructor shall carry the authorization when firearms are on school premises;
5. A copy of each authorization shall be maintained on file in the campus administrative office;
6. No live ammunition is permitted on campus except when in the possession of a peace officer.

Notification

The principal shall notify local law enforcement officials when a hunter education/criminal justice program is offered at the campus and that instructors are authorized to be in possession of unloaded firearms on school premises.
