

COMMUNITY RELATIONS  
SCHOOL VOLUNTEER PROGRAM

GKG  
(LOCAL)

The District may utilize volunteer assistance. Volunteers shall not be used to usurp, diminish, or replace the position or functions of salaried professional or paraprofessional employees.

All volunteers are required to complete a volunteer application on an annual basis.

To improve student safety, the District requires any person wishing to volunteer to agree to a name-based criminal history check each school year. This is in addition to the Raptor system, which compares all visitor names against sexual offender databases.
