On a schedule determined by the commissioner of education and in accordance with Education Code 48.104, each district shall report to the agency the census block group in which each student enrolled in the district who is educationally disadvantaged resides. *Education Code 48.104(i)*

At least 55 percent of the district’s compensatory education funds must be used to:

1. Fund supplemental programs and services designed to eliminate any disparity in performance on assessment instruments administered under Education Code Chapter 39, Subchapter B or disparity in the rates of high school completion between:
   a. Students who are educationally disadvantaged and students who are not educationally disadvantaged; and
   b. Students at risk of dropping out of school, as defined below, and all other students; or

2. Support a program eligible under Title I of the Elementary and Secondary Education Act of 1965 [see AID], and its subsequent amendments, and by federal regulations implementing that Act. *Education Code 48.104(k)*

A district with a high dropout rate, as determined by the commissioner, shall submit a plan to the commissioner describing the manner in which the district intends to use its compensatory education allotment for developing and implementing research-based strategies for dropout prevention.

A district shall submit the plan not later than December 1 of each school year preceding the school year in which the district will receive the compensatory education allotment to which the plan applies.

A district may not spend or obligate more than 25 percent of the district’s compensatory education allotment unless the commissioner approves the plan.

A district’s plan shall:

1. Design a dropout recovery plan that includes career and technology education courses or technology applications courses that lead to industry or career certification;

2. Integrate into the dropout recovery plan research-based strategies to assist students in becoming able academically to pursue postsecondary education, including:
a. High-quality, college readiness instruction with strong academic and social supports;

b. Secondary to postsecondary bridging that builds college readiness skills, provides a plan for college completion, and ensures transition counseling; and

c. Information concerning appropriate supports available in the first year of postsecondary enrollment to ensure postsecondary persistence and success, to the extent funds are available for the purpose; and

3. Plan to offer advanced academic and transition opportunities, including dual credit courses and college preparatory courses, such as advanced placement courses.

A district may enter into a partnership with a public junior college in accordance with Education Code 29.402 [see GNC] in order to fulfill a plan.

Any program designed to fulfill a plan must comply with the requirements of Education Code 29.081(e) and (f).

*Education Code 29.918*

To be considered educationally disadvantaged in order to be counted to generate the compensatory education allotment pursuant to Education Code 48.104, a student must meet the income requirements for eligibility under the National School Lunch Program (NSLP), authorized by 42 U.S.C. 1751, et seq.

Districts may use the following approved methods for the purpose of receiving the compensatory education allotment pursuant to Education Code 48.104:

1. Parent certification, where the parent or guardian asserts meeting the income requirements for eligibility;

2. Direct certification, where the process by which eligible children are certified for free meals without the need for a household application based on household participation in one or more federal assistance programs; or

3. Direct verification, where public records are used to verify a student's eligibility for free or reduced-price meals when verification of student eligibility is required.

*19 TAC 61.1027(a)*
