Contracting Information

Certain “contracting information,” as that term is defined in Government Code 552.003(7), is public and must be released unless excepted from disclosure under the Public Information Act (PIA). The exceptions to disclosure provided by Government Codes 552.110 (trade secrets) and 552.1101 (proprietary information) do not apply to certain types of contracting information. Gov’t Code 552.0222(a), (b)

Investment Information

Certain district investment information, as specified by Government Code 552.0225, is public information and not excepted from disclosure. Gov’t Code 552.0225

Security System Information

Financial information in the possession of a district that relates to the expenditure of funds by a district for a security system is public information that is not excepted from required disclosure under the PIA. Gov’t Code 418.182(b)

Body-Worn Camera

Except as set forth at Occupations Code Chapter 1701, Subchapter N, a recording from a body-worn camera that is or could be used as evidence in a criminal prosecution is subject to the requirements of the PIA.

However, a law enforcement agency may not release any portion of a recording made in a private space, or of a recording involving the investigation of conduct that constitutes a misdemeanor punishable by fine only and does not result in arrest, without written authorization from the person who is the subject of that portion of the recording or, if the person is deceased, from the person’s authorized representative.

Occupations Code 1701.661

Personal Information

Each district employee, other than a peace officer or security officer, and board member and each former employee and board member shall choose whether to allow public access to district-
held information relating to the person’s home address, home telephone number, emergency contact information, or social security number, or any other information that reveals whether the person has family members. However, a district may not require an employee or former employee of the district to choose whether to allow public access to the employee’s or former employee’s social security number.

Employees and board members shall state their choice to a district’s main personnel officer in a signed writing not later than the 14th day after employment begins, election or appointment to the board occurs, or service with the district ends. If an employee or board member fails to state his or her choice within 14 days, the information is available to the public. However, an employee or board member may make a written request at any time to the personnel officer to open or close the information. A written request made after the 14 days does not apply to an open records request made before the option was exercised.

If an employee or board member has opted to restrict public access to his or her personal information, the district may redact the personal information from any information the district discloses without the necessity of requesting a decision from the attorney general. Gov’t Code 552.024(c)

If a district redacts information under this provision, the district shall provide the information required by Government Code 552.024(c-2) to the requestor on a form prescribed by the attorney general. The requestor is entitled to seek a decision from the attorney general about the matter. Gov’t Code 552.024(c-2)

An employee or an employee’s authorized representative has a special right of access, beyond the right of the general public, to information held by the district that relates to the employee and that is protected from public disclosure by laws intended to protect the employee’s privacy interests. [See DBA] Gov’t Code 552.023

When acting in the member’s official capacity, a board member has an inherent right of access to information, documents, and records maintained by the district. “Official capacity” means all duties of office and includes administrative decisions or actions.
