**UIL Rules and District Policies**

A student enrolled in a district or who participates in an extracurricular activity or a University Interscholastic League (UIL) competition is subject to district policy and UIL rules regarding participation only when the student is under the direct supervision of an employee of the school or district in which the student is enrolled or at any other time specified by resolution of a board. *Education Code 33.081(b)* [See FO regarding additional standards of conduct for extracurricular activities]

**Athletic Activities**

UIL Forms

Each student participating in an extracurricular athletic activity must complete the UIL forms entitled “Preparticipation Physical Evaluation—Medical History” and “Acknowledgement of Rules.” Each form must be signed by both the student and the student’s parent or guardian. *Education Code 33.203(a)*

Notices

Each school that offers an extracurricular athletic activity shall:

1. Prominently display at its administrative offices the telephone number and electronic mail address that the commissioner of education maintains for reporting violations of Education Code Chapter 33, Subchapter F; and
2. Provide each student participant and the student’s parent or guardian a copy of the text of Education Code 33.201–33.207 and a copy of the UIL’s parent information manual. The document may be provided in an electronic format unless otherwise requested.

*Education Code 33.207(b), .208*

Records

A superintendent shall maintain complete and accurate records of the district’s compliance and the district shall make available to the public proof of compliance for each person enrolled in the district who is required to receive safety training.

A campus that is determined by the superintendent to be out of compliance with the safety training requirements or the requirements regarding unsafe practices and safety precautions (see below) shall be subject to the range of penalties determined by the UIL.

*Education Code 33.206*

Unsafe Practices

A coach, trainer, or sponsor for an extracurricular athletic activity may not encourage or permit a student participant to engage in any unreasonably dangerous athletic technique that unnecessarily endangers the health of a student, including using a helmet or any other sports equipment as a weapon. *Education Code 33.204*

- Safety Precautions A coach, trainer, or sponsor for an extracurricular athletic activity shall at each athletic practice or competition ensure that:
1. Each student participant is adequately hydrated;
  2. Any prescribed asthma medication for a student participant is readily available to the student;
  3. Emergency lanes providing access to the practice or competition area are open and clear; and
  4. Heatstroke prevention materials are readily available.

If a student participating in a practice or competition becomes unconscious during the activity, the student may not:

1. Return to the activity during which the student became unconscious; or
2. Participate in any extracurricular athletic activity until the student receives written authorization for such participation from a physician.

*Education Code 33.205*

Concussions “Interscholastic athletic activity” includes practice and competition, sponsored or sanctioned by a district, including a home-rule district, or a public school, including any school for which a charter has been granted under Education Code Chapter 12, or the UIL.  
*Education Code 38.152*

“Concussion” means a complex pathophysiological process affecting the brain caused by a traumatic physical force or impact to the head or body, which may include temporary or prolonged altered brain function resulting in physical, cognitive, or emotional symptoms or altered sleep patterns, and involve loss of consciousness.  
*Education Code 38.151(4)*

*Concussion  
Oversight Team*

The board of a district with students enrolled who participate in an interscholastic athletic activity shall appoint or approve a concussion oversight team. *Education Code 38.153(a)*

Each concussion oversight team must include at least one physician and, to the greatest extent practicable, considering factors including the population of the metropolitan statistical area in which the district is located, district enrollment, and the availability of and access to licensed health-care professionals in the district or charter school area, must also include one or more of the following: an athletic trainer, an advanced practice nurse, a neuropsychologist, or a physician assistant. If a district employs an athletic trainer, the athletic trainer must be a member of the concussion oversight

team. If a district employs a school nurse, the school nurse may be a member of the district concussion oversight team if requested by the school nurse.

Each member of the concussion oversight team must have had training in the evaluation, treatment, and oversight of concussions at the time of appointment or approval as a member of the team. The members also must take a training course at least once every two years and submit proof of timely completion to the superintendent or designee in accordance with Education Code 38.158.

*Education Code 38.154, .158*

Return-to-Play  
Protocol

Each concussion oversight team shall establish a return-to-play protocol, based on peer-reviewed scientific evidence, for a student's return to interscholastic athletics practice or competition following the force or impact believed to have caused a concussion.  
*Education Code 38.153(b)*

*Required Annual  
Form*

A student may not participate in an interscholastic athletic activity for a school year until both the student and the student's parent or guardian or another person with legal authority to make medical decisions for the student have signed a form for that school year that acknowledges receiving and reading written information that explains concussion prevention, symptoms, treatment, and oversight and that includes guidelines for safely resuming participation in an athletic activity following a concussion. The form must be approved by the UIL. *Education Code 38.155*

*Removal from  
Play*

A student shall be removed from an interscholastic athletics practice or competition immediately if one of the following persons believes the student might have sustained a concussion during the practice or competition: a coach; a physician; a licensed health-care professional, as defined by Education Code 38.151(5); a licensed chiropractor; a school nurse; or the student's parent or guardian or another person with legal authority to make medical decisions for the student. *Education Code 38.156*

*Return to Play*

A student removed from an interscholastic athletics practice or competition under Education Code 38.156 may not be permitted to practice or compete again following the force or impact believed to have caused the concussion until:

1. The student has been evaluated, using established medical protocols based on peer-reviewed scientific evidence, by a treating physician chosen by the student or the student's parent or guardian or another person with legal authority to make medical decisions for the student;

2. The student has successfully completed each requirement of the return-to-play protocol established under Education Code 38.153 necessary for the student to return to play;
3. The treating physician has provided a written statement indicating that, in the physician's professional judgment, it is safe for the student to return to play; and
4. The student and the student's parent or guardian or another person with legal authority to make medical decisions for the student have acknowledged that the student has completed the requirements of the return-to-play protocol necessary for the student to return to play, have provided the treating physician's written statement to the person responsible for compliance with the return-to-play protocol and the person who has supervisory responsibilities, and have signed a consent form indicating that the person signing:
  - a. Has been informed concerning and consents to the student participating in returning to play in accordance with the return-to-play protocol;
  - b. Understands the risks associated with the student returning to play and will comply with any ongoing requirements in the return-to-play protocol;
  - c. Consents to the disclosure to appropriate persons, consistent with the Health Insurance Portability and Accountability Act of 1996, Pub. L. No. 104-191, of the treating physician's written statement and, if any, the return-to-play recommendations of the treating physician; and
  - d. Understands the immunity provisions under Education Code 38.159.

A coach of an interscholastic athletics team may not authorize a student's return to play.

The superintendent or designee shall supervise an athletic trainer or other person responsible for compliance with the return-to-play protocol. The person who has supervisory responsibilities may not be a coach of an interscholastic athletics team.

*Education Code 38.157*

*Immunity*

These provisions do not:

1. Waive any immunity from liability of a district or of district officers or employees;

2. Create any liability for a cause of action against a district or against district officers or employees;
3. Waive any immunity from liability under Civil Practice and Remedies Code 74.151; or
4. Create any cause of action or liability for a member of a concussion oversight team arising from the injury or death of a student participating in an interscholastic athletics practice or competition, based on service or participation on the concussion oversight team.

*Education Code 38.159*

Football Helmet  
Safety  
Requirements

A district may not use a football helmet that is 16 years old or older in the district's football program. A district shall ensure that each football helmet used in the district's football program that is 10 years old or older is reconditioned at least once every two years.

A district shall maintain and make available to parents of students enrolled in the district documentation indicating the age of each football helmet used in the district's football program and the dates on which each helmet is reconditioned.

*Education Code 33.094(a)–(c)*

Steroid Testing

The UIL shall adopt rules for the annual administration of a steroid testing program under which high school students participating in an athletic competition sponsored or sanctioned by the league are tested at multiple times throughout the year for the presence of steroids [see FNF].

Results of such steroid tests are confidential and, unless required by court order, may be disclosed only to the student and the student's parent and the activity directors, principal, and assistant principals of the school attended by the student.

*Education Code 33.091(d)–(e)*

Cardiac  
Assessment

A district must provide a district student who is required under UIL rule or policy to receive a physical examination before being allowed to participate in an athletic activity sponsored or sanctioned by the UIL, information about sudden cardiac arrest and electrocardiogram testing and notification of the option of the student to request the administration of an electrocardiogram, in addition to the physical examination.

A student may request an electrocardiogram from any health-care professional, including a health-care professional provided through a district program, provided that the health-care professional is ap-

appropriately licensed in Texas and authorized to administer and interpret electrocardiograms under the health-care professional's scope of practice, as established by the health-care professional's Texas licensing act.

*Immunity*

These provisions do not create a cause of action or liability or a standard of care, obligation, or duty that provides a basis for a cause of action or liability against a health-care professional described in the provision, the UIL, a district, or a district officer or employee for:

1. The injury or death of a student participating in or practicing for an athletic activity sponsored or sanctioned by the UIL based on or in connection with the administration or interpretation of or reliance on an electrocardiogram; or
2. The content or distribution of the information required under these provisions or the failure to distribute the required information.

*Education Code 33.096*

Interscholastic  
Athletic Competition  
Based on Biological  
Sex

An interscholastic athletic team sponsored or authorized by a district may not allow a student to compete in an interscholastic athletic competition sponsored or authorized by the district that is designated for the biological sex opposite to the student's biological sex as correctly stated on the student's official birth certificate, as described below, or if the student's official birth certificate is unobtainable, another government record.

*Exception*

An interscholastic athletic team sponsored or authorized by a district may allow a female student to compete in an interscholastic athletic competition that is designated for male students if a corresponding interscholastic athletic competition designated for female students is not offered or available.

*Birth Certificate  
Statement*

For purposes of this provision, a statement of a student's biological sex on the student's official birth certificate is considered to have correctly stated the student's biological sex only if the statement was entered at or near the time of the student's birth or modified to correct any type of scrivener or clerical error in the student's biological sex.

*Education Code 33.0834*

**Rodeos**

This section applies only to a primary or secondary school that sponsors, promotes, or otherwise is associated with a rodeo in which children who attend the school are likely to participate.

“Rodeo” means an exhibition or competition, without regard to whether the participants are compensated, involving activities related to cowboy skills, including:

1. Riding a horse, with or without a saddle, with the goal of remaining on the horse while it attempts to throw off the rider;
2. Riding a bull;
3. Roping an animal, including roping as part of a team;
4. Wrestling a steer; and
5. Riding a horse in a pattern around preset barrels or other obstacles.

**Educational Program**

A primary or secondary school to which this section applies shall, before the first rodeo associated with the school in each school year, conduct a mandatory educational program on safety, including the proper use of protective gear, for children planning to participate in the rodeo, in accordance with 25 Administrative Code 104.4. The educational program may consist of an instructional video, subject to the Department of State Health Services approval.

**Restriction on Participation**

A child may not participate in a rodeo associated with the child's school during a school year unless the child has completed the educational program not more than one year before the first day of the rodeo.

**Protective Gear for Bull Riding**

A child may not engage in bull riding, including engaging in bull riding outside a rodeo for the purpose of practicing bull riding, unless the child is wearing a protective vest and bull riding helmet in accordance with 25 Administrative Code 104.3.

*Health and Safety Code 768.001(6), .003; 25 TAC 104.2-.4*

**Eligibility**

A student otherwise eligible to participate in an extracurricular activity or a UIL competition is not ineligible because the student is enrolled in a course offered for joint high school and college credit, or in a course offered under a concurrent enrollment program, regardless of the location at which the course is provided. *Education Code 33.087*

**Military Dependents**

The district shall facilitate the opportunity for transitioning military children's inclusion in extracurricular activities, regardless of application deadlines, to the extent they are otherwise qualified. *Education Code 162.002 art. VI, § B [See FDD]*

**Attendance and Participation**

The State Board of Education (SBOE) by rule shall limit participation in and practice for extracurricular activities during the school day and the school week.

The board of a district may adopt a policy establishing the number of times a student who is otherwise eligible to participate in an extracurricular activity may be absent from class to participate in an extracurricular activity sponsored or sanctioned by the district, UIL, or an organization sanctioned by board resolution. The policy must permit a student to be absent from class at least ten times during the school year, and the policy prevails over any conflicting policy adopted by the SBOE.

*Education Code 33.081(a), .0811*

SBOE Rules

The following provisions apply to any UIL activity.

Other organizations requiring student participation that causes a student to miss a class may request sanction from a board. If sanctioned by resolution of the board, student participation in the organization's activities shall be subject to all provisions of statute and to 19 Administration Code 76.1001. If a board does not grant sanction, any absences incurred by a student while participating with that organization's activities shall be subject to the attendance provisions of the Education Code. *19 TAC 76.1001(f)* [See FEB]

Extracurricular Activities

An extracurricular activity is an activity sponsored by the UIL, a board, or an organization sanctioned by board resolution. The activity is not necessarily directly related to instruction of the essential knowledge and skills but may have an indirect relation to some areas of the curriculum.

Extracurricular activities include, but are not limited to, public performances, contests, demonstrations, displays, and club activities. In addition, an activity is subject to this policy if any one of the following criteria applies:

1. The activity is competitive;
2. The activity is held in conjunction with another activity that is considered extracurricular;
3. The activity is held off-campus, except in a case in which adequate facilities do not exist on campus;
4. The general public is invited; or
5. An admission is charged.

STUDENT ACTIVITIES

FM  
(LEGAL)

Exceptions  
*Public Performances*

A student ineligible to participate in an extracurricular activity, but who is enrolled in a state-approved course that requires demonstration of the mastery of the essential knowledge and skills in a public performance, may participate in the performance if:

1. The general public is invited; and
2. The requirement for student participation in public is stated in the essential knowledge and skills of the course.

*State-Approved Music Courses*

A student ineligible to participate in an extracurricular activity, but who is enrolled in a state-approved music course that participates in UIL Concert and Sight-Reading Evaluation, may perform with the ensemble during the UIL evaluation performance.

*19 TAC 76.1001(a)*

Limits on Participation and Practice  
*During the School Week*

Limitations on practice, rehearsal, and student participation during the school week shall be as follows:

1. For any given extracurricular activity, a student may not participate in more than one activity per school week, excluding holidays, except as provided in item 2, below.
2. A student may also participate in a tournament or post-district contest, as well as a contest postponed by weather or public disaster that may determine advancement to a post-district level of competition.
3. For each extracurricular activity, a district must limit students to a maximum of eight hours of practice and rehearsal outside the school day per school week.
4. The commissioner recommends that districts avoid scheduling extracurricular activities or public performances on the day or evening immediately preceding the day on which the statewide student assessment program is scheduled for grades 3–11.

*19 TAC 76.1001(d); Education Code 33.081(a)*

*During the School Day*

Limitations on practice and rehearsal during the school day shall be as follows:

1. A district must limit a student to one period of practice during the regularly scheduled school day for practice of extracurricular activities, such as athletics, drill team, or cheerleading.
2. The limit in item 1 does not prohibit a student from enrolling in any state-approved class. A student who is enrolled in a state-approved class that includes essential knowledge and skills that relate to the preparation for an extracurricular activity

may practice that extracurricular activity for no more than one period during the school day.

3. A student may not be permitted to miss a scheduled academic class to practice for an unrelated extracurricular activity.
4. A district must limit extracurricular practice during the school day to ensure that class periods for extracurricular practice do not exceed the time allotted for other class periods.
5. Regardless of the schedule type in place (traditional or non-traditional), a school may elect to practice extracurricular activities daily, provided the total minutes allowed for the extracurricular practice is not greater than 300 minutes during the school week.

*19 TAC 76.1001(e); Education Code 33.081(a)*

Record of Absences

A district shall maintain an accurate record of extracurricular absences for each student in the district each school year. *19 TAC 76.1001(c)*

Students Receiving  
Outpatient Mental  
Health Services

A district may not adopt or enforce policies that restrict participation in UIL activities by a student who receives outpatient mental health services from a mental health facility and is enrolled in the district or otherwise receives public education services from a district based solely on the student's receipt of outpatient mental health services from a mental health facility or the student's absence during instructional time while receiving outpatient mental health services from a mental health facility.

This provision does not exempt a student to whom this section applies from any eligibility requirement for participation in UIL activities other than an eligibility requirement based solely on the criteria of receipt of outpatient mental health services from a mental health facility.

*Education Code 33.0832(c)–(d)*

Participation by  
Homeschooled  
Students

A public school that participates in an activity sponsored by UIL may provide a non-enrolled student, who otherwise meets UIL eligibility standards to represent that school in a UIL activity, with the opportunity to participate in the activity on behalf of the school in the same manner that the school provides the opportunity to participate to students enrolled in the school.

"Non-enrolled student" means a student who receives instruction as a homeschooled student as described by Education Code 29.916(a)(1) from a nonpublic school [see EK].

*Relevant Policies* A non-enrolled student who seeks to participate or participates in a UIL activity on behalf of a school is subject to the following relevant policies that apply to students enrolled in the school:

1. Registration for UIL activities;
2. Age eligibility;
3. Fees;
4. Insurance;
5. Transportation;
6. Physical condition;
7. Qualifications;
8. Responsibilities;
9. Event schedules;
10. Standards of behavior; and
11. Performance.

*Residency Requirements* A non-enrolled student may only participate in a UIL activity for the school in the district that the student would be eligible to attend based on the student's residential address. A non-enrolled student who seeks to participate in a UIL activity on behalf of a school shall be required to establish minimum proof of residency acceptable to the district in the same manner as an applicant to attend a school in the district under Education Code 25.001 [see FD].

*Academic Requirements* The parent or person standing in parental relation to a non-enrolled student is responsible for oversight of academic standards relating to the student's participation in a UIL activity. As a condition of eligibility to participate in a UIL activity during the first six weeks of a school year, a non-enrolled student must demonstrate grade-level academic proficiency on any nationally recognized, norm-referenced assessment instrument, such as the Iowa Test of Basic Skills, Stanford Achievement Test, California Achievement Test, or Comprehensive Test of Basic Skills. A non-enrolled student demonstrates the required academic proficiency by achieving a composite, core, or survey score that is within the average or higher than average range of scores, as established by the applicable testing service. A district shall accept assessment results administered or reported by a third party.

A non-enrolled student's demonstration of academic proficiency is sufficient for the school year in which the student achieves the required score and the subsequent school year.

After the first six weeks of a school year, the parent or person standing in parental relation to a non-enrolled student participating in a UIL activity on behalf of a public school must periodically, in accordance with the school's grading calendar, provide written verification to the school indicating that the student is receiving a passing grade in each course or subject being taught.

*Previous Enrollment in Public School*

A non-enrolled student is not authorized by this section to participate in a UIL activity during the remainder of any school year during which the student was previously enrolled in a public school.

*Prohibitions*

With respect to a non-enrolled student's education program, nothing in these provisions shall be construed to permit an agency of this state, a public school district, or any other governmental body to exercise control, regulatory authority, or supervision over a non-enrolled student or a parent or person standing in parental relation to a non-enrolled student beyond the control, regulatory authority, or supervision required to participate in a UIL activity.

Subject only to eligibility requirements, the curriculum or assessment requirements, performance standards, practices, or creed of the education program provided to a non-enrolled student may not be required to be changed in order for the non-enrolled student to participate in a UIL activity. Subject only to eligibility requirements, for a non-enrolled student participating in an education program on January 1, 2021, the education program provided to that student may not be required to comply with any state law or agency rule relating to that education program unless the law or rule was in effect on January 1, 2021.

*Education Code 33.0832*

**Suspension from Extracurricular Activities**

A student shall be suspended from participation in any extracurricular activity sponsored or sanctioned by a district or the UIL after a grade evaluation period in which the student received a grade lower than the equivalent of 70 on a scale of 100 in any academic class other than a course described below at Exempt Courses.

Length of Suspension

A suspension continues for at least three school weeks and is not removed during the school year until the conditions of Reinstatement, described below, are met. A suspension shall not last beyond the end of a school year.

Grade Evaluation Period

"Grade evaluation period" means:

1. The six-week grade reporting period; or

2. The first six weeks of a semester and each grade reporting period thereafter, in the case of a district with a grade reporting period longer than six weeks.

*Education Code 33.081(c)*

School Week

The school week is defined as beginning at 12:01 a.m. on the first instructional day of the calendar week and ending at the close of instruction on the last instructional day of the calendar week, excluding holidays. *19 TAC 76.1001(b)*

Exempt Courses

The suspension and reinstatement provisions of Education Code 33.081(c) and (d) do not apply to an advanced placement or international baccalaureate course, or to an honors or dual credit course in the subject areas of English language arts, mathematics, science, social studies, economics, or a language other than English. *Education Code 33.081(d-1)*

Honors classes for purposes of eligibility to participate in extracurricular activities are listed at 19 Administrative Code 74.30(a).

Districts may identify additional honors courses in the subject areas of English language arts, mathematics, science, social studies, or a language other than English for the purposes of extracurricular eligibility but must identify such courses before the semester in which any exemptions related to extracurricular activities occur.

Districts are neither required to nor restricted from considering courses as honors for the purpose of grade point average calculation.

Students with Disabilities

In the case of a student with a disability that significantly interferes with the student's ability to meet regular academic standards, suspension must be based on the student's failure to meet the requirements of the student's individualized education program (IEP). The determination of whether the disability substantially interferes with the student's ability to meet the requirements of the student's IEP must be made by the admission, review, and dismissal (ARD) committee.

For the purposes of this provision, "student with a disability" means a student who is eligible for a district's special education program under Education Code 29.003(b).

*Education Code 33.081(e)*

Practice or Rehearsal

A student suspended under Education Code 33.081 may practice or rehearse with other students for an extracurricular activity but may not participate in a competition or other public performance.

This provision does not apply to a student prohibited from participation for certain conduct involving extracurricular officials [see below]. *Education Code 33.081(f)*

Reinstatement

Until the suspension is removed or the school year ends, a district shall review the grades of a student at the end of each three-week period following the date on which the suspension began. At the time of a review, the suspension is removed if the student's grade in each class, other than a course described above at Exempt Courses, is equal to or greater than the equivalent of 70 on a scale of 100. The principal and each of the student's teachers shall make the determination concerning the student's grades. *Education Code 33.081(d)*

Suspension for  
Certain Conduct  
Involving  
Extracurricular  
Officials

A student who is enrolled in a district in Texas or who participates in a UIL competition shall be prohibited from participation in any future extracurricular activity sponsored or sanctioned by the district or the UIL if the state executive committee of the league determines that the student intentionally, knowingly, or recklessly causes bodily injury to a person serving as referee, judge, or other official of an extracurricular activity in retaliation for or as a result of the person's actions taken in performing the duties of a referee, judge, or other official of the extracurricular activity.

*Reinstatement  
After Conduct*

A student prohibited from participation may submit to the UIL a request that the student be permitted to participate in future extracurricular activities sponsored or sanctioned by the UIL. The request must be submitted at least one year after the date the student engaged in the conduct that resulted in the prohibition if the student was enrolled in eighth grade or below at the time of the conduct or two years after the date the student engaged in the conduct that resulted in the prohibition if the student was enrolled in ninth grade or above at the time of the conduct.

**Before-School and  
After-School  
Programs**

The board may establish before-school or after-school programs for students enrolled in elementary or middle school grades. A program established under this section may operate before, after, or before and after school hours.

A student is eligible to participate in the district's before-school or after-school program if the student is enrolled in a public or private school or resides within the boundaries of the district.

A district shall conduct a request for proposals procurement process to enable the district to determine if contracting with a child-care facility that provides a before-school or after-school program, as defined by Human Resources Code 42.002, to provide the district's before-school or after-school program would serve the district's best interests. Following the request for proposals procurement process, the district may enter into a contract with a child-care facility or implement a before-school or after-school program operated by the district. If the district enters into a contract with a

child-care facility, the contract must comply with the requirements of Education Code 44.031 and may not exceed a term of three years.
