

**Local Achievement  
Testing**

In addition to the state-administered assessment instruments, a district may adopt and administer criterion-referenced or norm-referenced assessment instruments, or both, at any grade level. A locally adopted norm-referenced assessment instrument must be economical, nationally recognized, and state-approved.

For purposes of this provision, “assessment instrument” means a district-commissioned achievement test, either nationally normed or criterion-referenced, that is group administered and reported publicly (such as to a board) in the aggregate.

A company or organization scoring an assessment instrument shall send test results to a district for verification. A district shall have 90 days to verify the accuracy of test data and report the results to the board.

A district shall follow procedures for test security and confidentiality set forth in 19 Administrative Code Chapter 101, Subchapter C. [See EKB]

*Education Code 39.026, 39.032; 19 TAC 101.101*

In any subject area for which a state assessment is administered, a district may not administer locally required assessments designed to prepare students for state assessments to any student on more than ten percent of the instructional days in any school year. A campus-level planning and decision-making committee may limit the administration of locally required assessments to ten percent or a lower percentage of the instructional days in any school year. This prohibition does not apply to state assessments. *Education Code 39.0262*

**Benchmark  
Assessment  
Instruments**

“Benchmark assessment instrument” means a district-required assessment instrument designed to prepare students for a corresponding state-administered assessment instrument.

A district may not administer to any student more than two benchmark assessment instruments to prepare the student for a corresponding state-administered assessment instrument.

This prohibition does not apply to the administration of a college preparation assessment instrument, including the PSAT, the ACT-Plan, the SAT, or the ACT, an advanced placement test, an international baccalaureate examination, or an independent classroom examination designed or adopted and administered by a classroom teacher.

A parent of or person standing in parental relation to a student who has special needs, as determined in accordance with

Commissioner rule, may request administration to the student of additional benchmark assessment instruments.
