

- Mission** The District provides an exceptional education for all students in a safe learning environment that encourages them to become productive citizens no matter their destination after graduation.
- Vision** Our vision is to create and nurture a systemic District-wide 21st century classroom environment that enables our learners to be successful in a global society.
- Goals**
- Learning: 100 percent of our students will learn and improve on state and federal standards at their individual levels.
 - Climate: 100 percent of our campuses will be safe and maintained to ensure a conducive learning environment.
 - Communication: All stakeholders will have avenues of input and ownership in making decisions that affect our mission.
