

The District shall seek to involve and inform citizens, businesses, organizations, and other governmental entities to create advocacy and to maximize resources for public education.

Partnerships

Under the supervision of the Superintendent or designee, the schools may enter into partnerships to enhance educational opportunities.

Coalitions and Task Forces

The Superintendent and any designated District administrators shall represent the District in community or governmental coalitions and task forces for the mutual benefit of the community and the public schools.

Community Organizations

By participating in community-based organizations, the Superintendent and any designated District administrators shall seek to involve and inform the organizations regarding the schools and to create advocacy for public education.
