**Master's Degree  
Requirement**

The District requires each professional employee to earn a master's degree in accordance with administrative regulations.

A professional employee who has already earned his or her master's degree shall be required to complete professional growth renewal activities periodically as recommended by the District Leadership Council, specified by the administration, and approved by the Board. Such renewal activities shall be planned with an emphasis toward the timely updating of instructional skills and knowledge.

The Superintendent shall provide regular reports to the Board regarding the implementation and progress of this program.
