Measures to ensure district employees, including substitute teachers, have classroom access to a telephone, including a cellular telephone, or another electronic communication device allowing for immediate contact with district emergency services or emergency services agencies, law enforcement agencies, health departments, and fire departments;
3. Measures to ensure district communications technology and infrastructure are adequate to allow for communication during an emergency;

5. Measures to ensure coordination with the Texas Department of State Health Services (TDSHS) and local emergency management agencies, law enforcement, health departments, and fire departments in the event of an emergency; and

Active Shooter  
Emergency

A district shall include in its multihazard emergency operations plan a policy for responding to an active shooter emergency. The district may use any available community resources in developing the policy. *Education Code 37.108(g)*

Train Derailment

A district shall include in its multihazard emergency operations plan a policy for responding to a train derailment near a district school. A district is only required to adopt the policy if a district school is located within 1,000 yards of a railroad track, as measured from any point on the school's real property boundary line.
