

**Vehicle and Parking
Lot Regulations**

Students desiring to park on the District's high school parking lots shall annually acquire a parking permit for a fee of \$35.

Violations

All laws and ordinances regulating traffic on public highways or streets shall apply to the operations of vehicles on school property.

Identification may be required of any person on school property. Persons with no legitimate business purpose shall not be on school property, including, but not limited to, school parking lots, and may be ejected on the person's refusal to leave peaceably on request.

Additionally, the Board adopts the following rules for the operation and parking of vehicles on high school property:

1. All students parking on high school parking lots shall have a valid parking permit.
2. All parking permits must be displayed with the front facing outward on the rearview mirror or windshield.
3. Permits may not be transferred to another car. A permit may only be displayed on the vehicle for which it is registered.
4. Students shall not park in any teacher parking space (which is marked with a "T"), administrator parking space (which is marked with an "A"), visitor parking space (which is marked with a "V"), or any other undesignated area (which is either marked as "No Parking" or not as space between two yellow lines).
5. Visitors to the campus shall park in designated visitor parking spaces.

A person who violates any rules listed above is subject to receiving a citation and/or having the vehicle towed. A violation of Rules 1–5 constitutes a Class C misdemeanor.

The cost of towing any vehicle shall be borne entirely by the student whose vehicle is towed.

**Revocation and
Reinstatement of
Parking Privileges**

The principal or designee may suspend privileges of any person who violates any of the above rules or regulations. Reinstatement of driving and parking privileges may be permitted at the discretion of the principal or designee and shall require a new parking permit fee of \$35.
