Duty to Report

The board that makes a severance payment to a superintendent shall report the terms of the severance payment to the commissioner. *Education Code 11.201(c)*

A district that makes a payment of any kind to a departing superintendent must file with the Texas Education Agency (TEA) a Superintendent Payment Disclosure Form. No form is required to be filed for a payment already earned and payable under the terms of a terminated employment contract, such as a payment for accrued vacation.

The form must be filed by the 60th day after the district executes the agreement to make the payment or the 60th day after any payment under such an agreement, whichever is sooner. The interim superintendent, new superintendent, or board president is responsible for timely filing the Superintendent Payment Disclosure Form. Filing of the disclosure form is required regardless of whether a district considers a payment to be a severance payment as that term is defined above.

Compliance with the reporting requirements of these provisions is considered part of the district's compliance with required financial accounting practices under Education Code 39.057(a)(4). Failure to comply may result in sanctions as authorized by Education Code 39.057(d) and (e).

Required  
Documentation

A district must enclose with the submitted Superintendent Payment Disclosure Form a copy of the superintendent employment contract and a copy of the termination or severance agreement. A district must provide the commissioner with any information or documentation that the commissioner requests to determine whether a payment to a departing superintendent is a severance payment and whether a district is subject to reductions in Foundation School Program (FSP) funding under 19 Administrative Code 105.1021.

*19 TAC 105.1021(b), (d)*

Reduction of State  
Funds

The commissioner shall reduce a district's FSP funds by any amount that the severance payment exceeds one year's salary and benefits under the superintendent's terminated contract. The commissioner will reduce the district's FSP funding for the school year following the school year in which the first payment requiring an FSP reduction is made to the former superintendent. The commissioner also will reduce the district's FSP funding in the school year following each school year that any additional payment requiring an FSP reduction is made to the former superintendent. If a district's liability to the state exceeds the total of the district's estimated payments of FSP funding for the remainder of the school

year, the district is subject to reductions in its FSP funding for subsequent school years until the liability has been fully liquidated.

A reduction in FSP funding under these provisions does not affect a district's obligation to comply with all provisions of Education Code Chapter 48, including its obligation under that chapter to provide educational services to special populations.
