

**Citizens' Advisory  
Committees**

The Board shall appoint a citizens' advisory committee whenever it deems appropriate, or as in accordance with law and/or State Board of Education rules and regulations.

The Board encourages the administration to call upon community citizens for advice and expert assistance in promoting more effective and efficient operations of the District.

Whenever committees are appointed, the purpose and term shall be specific and adequate provision shall be made for continuous communication with the Board and/or administration.

At the time of appointment, specific arrangements will be made for necessary liaison, communication, and resource services.
