

Honors Programs The District shall offer courses of instruction designated as honors classes on the basis of instructional and student performance requirements being at a level substantially above that of regular-level classes. The Board shall approve the listing of courses to be designated as honors.

Local Credit Courses The District may make available for students courses not included in the TEA-approved list of required and elective courses. Such courses shall not count toward meeting state-specified graduation requirements. The Board shall approve the list of local credit courses.

Local credit courses approved by the board of trustees of any other public school district may be accepted for transfer students, but such courses shall not count toward meeting state-specified graduation requirements.
