6. In a laboratory where biological hazards, as defined by this policy, are present; and
7. Where state or federal law or contract, at the sole discretion of the state or federal government or organization with whom the contract is entered, requires exclusion of a handgun in a specific location and the exclusion does not generally prohibit or have the effect of generally prohibiting license holders from carrying concealed handguns on the campus premises, such as the Testing Center.

*Request for Review*

A license holder may request review of the decision to temporarily prohibit the carrying of a concealed handgun. The request shall be submitted in writing to the reviewing official and describe why allowing concealed handguns at the location or activity does not present a safety concern. The reviewing official may request additional information and shall notify the license holder of the decision no later than two days after receiving the request for review. The notice must provide the reason(s) for the decision. The decision of the reviewing official is final.

*Notice*

The College District shall provide notice at all locations and activities where concealed handguns are prohibited under this policy and may post notice where handguns are expressly prohibited but

where notice is not required to be posted by law. The language of the notice, which is set out in law, shall not be altered in any way unless revised by state law. Any individual who without authorization, tampers with, defaces, modifies, or removes a notice provided pursuant to this policy is subject to disciplinary action, including trespass from campus, suspension, termination of employment or a business relationship and is subject to criminal prosecution.

The College District shall publish this policy annually in the Board policy manual and student handbook, and on a webpage dedicated to the carrying of concealed handguns on College District premises.

Contracts for use of the campus premises shall include pertinent provisions of this policy.

*Distribution of  
Policy*

This policy shall be widely available and distributed to all employees and students through the College District website, student and employee handbooks, student and employee trainings, MyRebel, new hire orientation, and other appropriate events and materials as requested.

*Amending Policy*

The College President may amend this policy as necessary to include permanently designating new or additional locations where the carrying of concealed handguns on campus premises is prohibited. Any prohibition shall be based on specific safety considerations, the nature of the student population, and the uniqueness of the campus environment and may not generally prohibit or have the effect of generally prohibiting license holders from carrying concealed handguns on campus premises.

A request to amend this policy to permanently prohibit the carrying of a concealed handgun must be submitted, in writing, to the College President or designee. The request shall describe the specific factual reasons for the permanent designation, including safety concern(s), the nature of the student population, and any unique features or circumstances related to the building, part of a building, or activity that regularly takes place in the building. The request should identify other locations of the campus or activities with similar characteristics where concealed handguns are prohibited. The request and proposed amendment shall be posted on the College District's webpage dedicated to the carrying of concealed handguns. Interested individuals shall be given a reasonable time and opportunity to comment on the request. Students, faculty, and staff shall be given the opportunity to comment in person before the proposed amendment is submitted to the College President for approval.

Any amendment to this policy that has the effect of restricting the lawful carrying of a concealed handgun by a license holder must be submitted to the Board within 90 days of the College President's approval, and shall not take effect until reviewed by the Board.

*Report to  
Legislature*

The College District shall prepare a report for the Texas Legislature describing the campus rules adopted to regulate the carrying of concealed handguns on campus and the reasons for the rules no later than September 1, 2018, and every even-numbered year thereafter. The report will be submitted to the College President prior to submission to the Legislature.

**Other Weapons  
Prohibited**

The College District prohibits the use, possession, or display of any location-restricted knife, club, or prohibited weapon, as defined by law, on College District property or at a College District-sponsored or -related activity, unless written authorization is granted in advance by the College President or designee.

Employees and students found to be in violation of this policy shall be subject to disciplinary action. [See DH, FM, and FMA]
