

**Student Illness** Procedures shall be established by the administration to ensure that proper attention is given to any student who becomes ill during the course of a school day.

**Accidents Involving Students** Emergency procedures shall be established by the administration to ensure proper attention for any student injured at school. Records shall be maintained on all accidents that require the attention of a medical doctor.

**Emergency Treatment Forms** Each year, students and parents shall complete and sign a form that provides emergency information and authorizes school officials to obtain emergency medical treatment, as provided by law.

**Administering Medication** No employee shall give any student prescription medication, non-prescription medication, herbal substances, anabolic steroids, or dietary supplements of any type, except as provided below.

Exceptions Employees authorized by the Superintendent or designee may administer to students:

*Provided by Parent*

1. Prescription medication in accordance with legal requirements. [See FFAC(LEGAL)]
2. Nonprescription medication, upon a written request by a physician or other health-care professional with authority to write prescriptions and a parent's written request, when properly labeled and in the original container.
3. Herbal substances or dietary supplements provided by the parent and a written request by a physician or other health-care professional with authority to write prescriptions and only if required by the individualized education program (IEP) or Section 504 plan of a student with disabilities.

*Provided by District*

4. Nonprescription medication provided on an emergency basis by the District and consistent with:
  - a. Protocols established by the District's medical adviser who must be licensed to practice medicine in the state of Texas; and
  - b. Parental consent given on the emergency treatment form.

**Psychotropics** Except as permitted by Education Code 38.016, an employee shall not:

1. Recommend to a student or a parent that the student use a psychotropic drug;
2. Suggest a particular diagnosis; or

3. Exclude the student from a class or a school-related activity because of the parent's refusal to consent to psychiatric evaluation or examination or treatment of the student.
