

**Noncurriculum-  
Related Student  
Groups**

Application

Students in secondary grades who wish to initiate a noncurriculum-related group or club may do so by filing a written request on the form provided by the District. [See FNAB(EXHIBIT)]

Meetings

In addition to rules outlined in FNAB(LEGAL) and FNAB(LOCAL), meetings of noncurriculum-related student groups are subject to the following:

1. All activities will be initiated by students enrolled at that campus.
2. Meetings will be conducted during noninstructional time within the normal duty day (7:30 a.m. - 3:30 p.m.) for District personnel. This will normally include one half-hour before the start of the school day and one hour following the end of the school day, depending on building schedules.
3. The District will not provide additional or special transportation for students attending the meetings.
4. The students leading the group will notify the principal in advance when adult guests are expected to attend. Persons not affiliated with the District will not attend more often than once each month.
5. The cost of repair for any damage to District property incurred during such meetings will be borne by the students responsible and may result in denial of future access to the building.
