State Assessment of Academic Skills

Every student receiving instruction in the essential knowledge and skills shall take the appropriate criterion-referenced assessments, as required by Education Code Chapter 39, Subchapter B [see Testing in Grades 3–8, below]. *Education Code 39.023(a), (c), (f); 19 TAC 101.5*

A student may not receive a high school diploma until the student has performed satisfactorily on end-of-course (EOC) assessment instruments [see End-of-Course Assessments, below]. *Education Code 39.025(a); 19 TAC 101.4001*

Limited English Proficient Students

In grades 3–12, a limited English proficient (LEP) student, as defined by Education Code Chapter 29, Subchapter B, shall participate in the state assessment in accordance with commissioner rules at 19 Administrative Code Chapter 101, Subchapter AA. *Education Code 39.023(l), (m)* [See EKBA]

Special Education

The Texas Education Agency (TEA) shall develop or adopt appropriate criterion-referenced alternative assessment instruments to be administered to each student in a special education program for whom a state assessment instrument adopted under Education Code 39.023(a), even with allowable accommodations, would not provide an appropriate measure of student achievement, as determined by the student's admission, review, and dismissal (ARD) committee, including assessment instruments approved by the commissioner of education that measure growth. The assessment instruments developed or adopted, including the assessment instruments approved by the commissioner, must, to the extent allowed under federal law, provide a district with options for the assessment of students.

TEA may not adopt a performance standard that indicates that a student's performance on the alternate assessment does not meet standards if the lowest level of the assessment accurately represents the student's developmental level as determined by the student's ARD committee.

The student's ARD committee shall determine whether any allowable modification is necessary in administering to the student a required EOC assessment instrument under Education Code 39.023(c), and whether the student is required to achieve satisfactory performance on an EOC assessment instrument to receive a high school diploma.

Education Code 39.023(b)–(c), .025(a-4)

Military Dependents

If the student is a military dependent, the district shall accept:

1. Exit or EOC exams required for graduation from the sending state;

2. National norm-referenced achievement tests; or
3. Alternative testing, in lieu of testing requirements for graduation in the receiving state.

In the event the above alternatives cannot be accommodated by the receiving state for a military dependent transferring in his or her senior year, then a commissioner's substitute passing standard shall apply.

*Substitute
Passing Standard*

The commissioner shall adopt a passing standard on one or more national norm-referenced achievement tests for purposes of permitting a qualified military dependent to meet that standard as a substitute for achieving a score on an assessment instrument otherwise required for graduation. The passing standard is available only for a student who enrolls in a public school in this state for the first time after completing the ninth grade or who reenrolls in a public school in this state at or above the grade 10 level after an absence of at least two years from the public schools of this state. Each passing standard in effect when a student first enrolls in a Texas public high school remains applicable to the student for the duration of the student's high school enrollment, regardless of any subsequent revision of the standard. *Education Code 162.002 art. VII, §§ B–C [See FDD]*

Administration

A district shall follow the test administration procedures established by TEA in the applicable test administration materials. A superintendent shall be responsible for administering tests. *19 TAC 101.25, .27*

Schedule

The commissioner shall specify the schedule for testing that is in compliance with Education Code 39.023(c-3)(1) and (2), and supports reliable and valid assessments. Participation in University Interscholastic League (UIL) area, regional, or state competitions is prohibited on any days on which testing is scheduled between Monday and Thursday of the school week in which the primary administration of assessment instruments occurs.

The commissioner may provide alternate dates for the administration of tests required for a high school diploma to students who are migratory children and who are out of the state.

19 TAC 101.25

*Alternate Test
Dates*

The commissioner shall consider requests from districts or campuses for alternate test dates on a case-by-case basis. Alternate test dates will only be allowed if the campus or district is closed on the day on which testing is scheduled or if there is an exceptional

circumstance, defined below, that may affect a district's or campus's ability to administer an assessment or the students' performance on the assessment.

"Exceptional circumstances" include:

1. Inclement weather or natural disasters that would cause a district or campus to be closed or that would cause a small percentage of students to be in attendance on the day testing is scheduled;
2. Health epidemics that result in a large number of students being absent on the day of testing;
3. Death of a student or school official that may impact student performance; and
4. Sudden emergencies that occur on the day of testing or shortly before testing that may inhibit students from completing the assessments, such as a fire on campus, a bomb threat, an extended power outage, or a water main break.

If an alternate test date for primary test administration is approved, the commissioner may prohibit a district or campus from participating in UIL competition on the new test date if that is determined to be in the best interest of the district, campus, and students.

19 TAC 101.5003

**Notice to Parents
and Students**

A superintendent shall be responsible for providing written notice to each student and the student's parent or guardian of:

1. The testing requirements for grade advancement [see EIE] and the dates, times, and locations of testing. Notice of testing requirements shall be provided no later than the beginning of the student's kindergarten year, for students attending kindergarten in the district, and no later than the beginning of the student's first-grade year for all other students. The superintendent shall also provide such notice for students in grades 1–8 who are new to the district.
2. The testing requirements for graduation and the dates, times, and locations of testing. Notice of testing requirements shall be provided no later than the beginning of the student's seventh-grade year. The superintendent shall also provide such notice for students in grades 7–12 who are new to the district. Notice of the dates, times, and locations of testing shall be provided to each student who will take the tests and to out-of-school individuals.

19 TAC 101.3012

**Testing in
Grades 3–8**

Except as provided below, all students, other than students who are assessed under Education Code 39.023(b) (alternative assessment instrument) or 39.023(l) (LEP students) or exempted under Education Code 39.027, shall be assessed in:

1. Mathematics, annually in grades 3–7 without the aid of technology and in grade 8 with the aid of technology on any assessment instrument that includes algebra;
2. Reading, annually in grades 3–8;
3. Writing, including spelling and grammar, in grades 4 and 7;
4. Social studies in grade 8;
5. Science in grades 5 and 8; and
6. Any other subject and grade required by federal law.

Education Code 39.023(a)

Exception

Except as required for purposes of federal accountability, a student shall not be administered a grade-level assessment if the student:

1. Is enrolled in a course or subject intended for students above the student's enrolled grade level and will be administered a grade-level assessment instrument developed under the list above that aligns with the curriculum for that course or subject within the same content area; or
2. Is enrolled in a course for high school credit in a subject intended for students above the student's enrolled grade level and will be administered an EOC assessment instrument that aligns with the curriculum for that course or subject within the same content area.

A student is only eligible to take an assessment instrument intended for use above the student's enrolled grade if the student is receiving instruction in the entire curriculum for that subject.

A student in grade 5 or 8 described above may not be denied promotion on the basis of failure to perform satisfactorily on an assessment instrument above the student's grade level.

Education Code 28.0211(p), 39.023(a-2); 19 TAC 101.3011

Accommodations

Testing accommodations are permitted for any student unless they would make a particular test invalid. Decisions regarding testing accommodations shall take into consideration the needs of the student and the accommodations the student routinely receives in classroom instruction. Permissible testing accommodations shall be described in the appropriate test administration materials.

The committee established by a board to determine the placement of students with dyslexia or related disorders shall determine whether any allowable modification is necessary in administering an assessment to such a student.

A student's ARD committee shall determine the allowable accommodations and shall document them in the student's individualized education program (IEP). [See Special Education, above]

19 TAC 101.3013; Education Code 39.023(a)–(c), (n); 34 C.F.R. 300.320(a)(6)

**End-of-Course
Assessments**

Beginning with students first enrolled in grade 9 in the 2011–12 school year, a student enrolled in a course for which an EOC assessment exists as required by Education 39.023(c) shall take the appropriate assessment. *19 TAC 101.3021(a)*

Students Enrolled
Below High School
Level

Beginning in the 2011–12 school year, a student in grade 8 or lower who takes a high school course for credit is required to take the applicable EOC assessment. The EOC assessment result shall be applied toward the student's assessment graduation requirements, as specified in 19 Administrative Code 101.3022. *19 TAC 101.3021(d)*

Assessment
Requirements for
Graduation

A student must meet satisfactory performance on an EOC assessment listed in Education Code 39.023(c) only for a course in which the student is enrolled and for which an EOC assessment instrument is administered in order to be eligible to receive a Texas diploma.

Exceptions

English I or
English II

A student who was administered separate reading and writing EOC assessments under Education Code 39.023(c), for the English I or English II course has met that course's assessment graduation requirement if the student has:

1. Achieved satisfactory performance on either the reading or writing EOC assessment for that course;
2. Met at least the minimum score on the other EOC assessment for that course; and
3. Achieved an overall scale score of 3750 or greater when the scale scores for reading and writing are combined for that course.

Exceptions related to English I also apply to English language learners who meet the criteria in 19 Administrative Code 101.1007. [See EKBA]

Credits Earned
Prior to
Enrollment

If a student earned high school credit for a course with an EOC assessment prior to enrollment in a Texas public school district and the credit has been accepted by a Texas public school district, or a student completed a course for Texas high school credit in a course with an EOC assessment prior to the 2011–12 spring administration, the student is not required to take the corresponding EOC assessment.

19 TAC 101.3021(e), .3022

Substitute
Assessments

The commissioner adopts certain assessments as substitute assessments that a student may use in place of a corresponding EOC assessment to meet the student's assessment graduation requirements. A satisfactory score on an approved assessment may be used in place of only one specific EOC assessment, except as provided by 19 Administrative Code 101.4002(d)(1) (relating to a student who qualifies for use of the Texas Success Initiative [TSI] as a substitute assessment and is enrolled in certain college preparatory courses; see TSI Additional Criteria, below).

A student at any grade level is eligible to use a substitute assessment as provided in the commissioner's chart at 19 Administrative Code 101.4002(b) if the student:

1. Was administered an approved substitute assessment for an equivalent course in which the student was enrolled;
2. Received a satisfactory score on the substitute assessment as determined by the commissioner and provided in the chart at 19 Administrative Code 101.4002(b); and
3. Using a TSI assessment, also meets the additional criteria.

*TSI Additional
Criteria*

A student must meet the criteria established below in order to qualify to use TSI as a substitute assessment.

1. A student must have been enrolled in a college preparatory course for English language arts or mathematics and, in accordance with Education Code 39.025(a-1), have been administered an appropriate TSI assessment at the end of that course.
 - a. A student under this provision who meets all three TSI English language arts score requirements provided in the chart at 19 Administrative Code 101.4002(b) satisfies both the English I and English II EOC assessment graduation requirements.

- b. A student under this provision may satisfy an assessment graduation requirement in such a manner regardless of previous performance on an Algebra I, English I, or English II EOC assessment.
2. In accordance with Education Code 39.025(a-3), a student who has not been successful on the Algebra I or English II EOC assessment after retaking the assessment may use the corresponding TSI assessment in place of that EOC assessment.

For a student under this provision who took separate reading and writing assessments for the English II EOC assessment and who did not meet the English II assessment graduation requirement using those tests as specified in 19 Administrative Code 101.3022(b) (relating to Assessment Requirements for Graduation), the separate TSI reading or writing assessment may not be used to substitute for the corresponding English II reading or writing EOC assessment.

A student electing to substitute an assessment for graduation purposes must still take the required EOC assessment if the student does not meet the eligibility requirements above. If a student sits for an EOC assessment, a district may not mark the substitute assessment bubble for that administration.

A student who fails to perform satisfactorily on the PSAT-related assessment or the pre-ACT test (or any versions of these tests) as indicated in the chart at 19 Administrative Code 101.4002(b) must take the appropriate required EOC assessment. However, a student who does not receive a passing score on the EOC assessment and retakes the PSAT-related assessment or pre-ACT test (or any versions of these tests) is eligible to meet the requirements to use a substitute assessment.

19 TAC 101.4002

*Verification of
Results*

An eligible student is responsible for providing a district an official copy of the student's scores from the substitute assessment.

Upon receipt of official results of an approved substitute assessment, a district must:

1. Verify the student's score on the substitute assessment; and
2. Determine whether the student met the performance standard required to qualify for a public high school diploma in Texas as established by the commissioner.

19 TAC 101.4005

Satisfactory
Performance

A student is required to achieve a scale score that indicates satisfactory performance, as determined by the commissioner on each EOC assessment instrument administered to the student. *Education Code 39.025(a)*

Individual
Graduation
Committee

A student in grade 11 or 12 who has failed to comply with the EOC assessment instrument performance requirements under Education Code 39.025 for not more than two courses may qualify to graduate on the basis of a review by an individual graduation committee (IGC). [See EIF] *Education Code 28.0258, 39.025(a-2)*

Special Education

A student receiving special education services is not subject to the IGC requirements in Education Code 28.0258. As provided in 19 Administrative Code 89.1070 (relating to Graduation Requirements) and 19 Administrative Code 101.3023 (relating to Participation and Graduation Assessment Requirements for Students Receiving Special Education Services), a student's ARD committee determines whether a student is required to achieve satisfactory performance on an EOC assessment to graduate.

A student dismissed from a special education program who achieved satisfactory performance on an alternate EOC assessment while enrolled in a special education program is not required to take and achieve satisfactory performance on the general EOC assessment to graduate. A student who took an EOC assessment while enrolled in a special education program is not required to re-take and achieve satisfactory performance on the EOC assessment if the student's ARD committee determined that the student was not required to achieve satisfactory performance on the EOC assessment to graduate. A student dismissed from a special education program must achieve satisfactory performance on any remaining EOC assessments that the student is required to take. If the student fails to achieve satisfactory performance on no more than two of the remaining EOC assessments, the student is eligible for IGC review under Education Code 28.0258 and is subject to the IGC provisions above. [See Individual Graduation Committee, above]

19 TAC 101.3022(f)

A student receiving special education services who successfully completes the requirements of his or her IEP, including performance on a state assessment required for graduation, shall receive a Texas high school diploma. A student's ARD committee shall determine if the student will be required to meet satisfactory performance on an assessment for purposes of graduation.

Beginning with the 2011–12 school year, all grades 9–12 students with significant cognitive disabilities who are assessed with an alternate assessment as specified in the student’s IEP will be assessed using alternate versions of EOC assessments as listed in 19 Administrative Code 101.3011(b)(2).

A student who is receiving special education services and who is first enrolled in grade 9 or below in the 2011–12 school year shall be administered an EOC assessment instrument upon completion of the corresponding course as required by the student’s IEP.

19 TAC 101.3023

Credit by
Examination

An EOC assessment administered under Education Code 39.023(c) cannot be used for purposes of credit by examination under 19 Administrative Code 74.24. [See EHDB, EHDC] *19 TAC 101.3021(c)*

Additional State
Assessments

TEA may adopt EOC assessment instruments for courses not listed in statute, as described above. A student’s performance on these EOC assessment instruments is not subject to the performance requirements established for the statutory assessments. *Education Code 39.023(c-2)*

Retakes

Each time an EOC assessment instrument is administered, a student who failed to achieve a score requirement may retake the assessment instrument. [See Satisfactory Performance, above]

A student is not required to retake a course as a condition of retaking an EOC assessment instrument.

If a student failed a course but achieved satisfactory performance on the applicable EOC assessment, that student is not required to retake the assessment if the student is required to retake the course.

Education Code 39.025(b); 19 TAC 101.3021(f), .3022(d)

Reporting Results

To the Public

Overall student performance data, aggregated by ethnicity, sex, grade level, subject area, campus, and district, shall be made available to the public, with appropriate interpretations, at regularly scheduled meetings of a board, after receipt from TEA. The information shall not contain the names of individual students or teachers. *Education Code 39.030(b)*

To the Board

A superintendent shall accurately report all test results with appropriate interpretations to a board according to the schedule in the applicable test administration materials.

To Parents,
Students, and
Teachers

A district shall notify each of its students, his or her parent or guardian, and his or her teacher for that subject of test results, observing confidentiality requirements stated at Confidentiality, below. All test results shall be included in each student's academic achievement record and shall be furnished for each student transferring to another district or school. Upon receipt of the assessment results from the test contractor, a district shall disclose a student's assessment results to a student's teacher in the same subject area as the assessment for that school year. [See BQ series, FD, and FL]

19 TAC 101.3014

TEA shall adopt a series of questions to be included in an EOC assessment instrument administered under Education Code 39.023(c) to be used for purposes of identifying students who are likely to succeed in an advanced high school course. A district shall notify a student who performs at a high level on the questions and the student's parent or guardian of the student's performance and potential to succeed in an advanced high school course. A district may not require a student to perform at a particular level on the questions to be eligible to enroll in an advanced high school course. *Education Code 39.0233(b)*

Parents Right-to-
Know Under ESEA

As a condition of receiving assistance under Title I, Part A of the Elementary and Secondary Education Act (ESEA) (20 U.S.C. 6301 et seq.), a district shall provide to each individual parent of a child who is a student in such school, with respect to such student information on the level of achievement and academic growth of the student, if applicable and available, on each of the state academic assessments required under Part A. *20 U.S.C. 6312(e)(1)(B)(i)*

Parental Access

A parent is entitled to access to a copy of each state assessment instrument administered to the parent's child. This right of access does not apply, however, to those instruments or particular questions that are being field-tested by TEA. *Education Code 26.005, .006(a)(2)*

**Out-of-State
Transfers**

A district shall accurately report to TEA whether that student transferred into the district from out of state during the current school year.

Procedures for the reporting of out-of-state-transfer students to TEA shall be established in the applicable test administration materials. A district shall follow procedures specified in those test administration materials.

The assessment results of the out-of-state transfer students shall be reported separately to districts from the results of the district's

other students in addition to the current reporting of assessment results for all students and other student subsets.

19 TAC 101.3014

**Accelerated
Instruction**

Each time a student fails to perform satisfactorily on an assessment instrument administered under Education Code 39.023(a) in the third, fourth, fifth, sixth, seventh, or eighth grade, the school district in which the student attends school shall provide to the student accelerated instruction in the applicable subject area. Accelerated instruction may require participation of the student before or after normal school hours and may include participation at times of the year outside normal school operations. *Education Code 28.0211(a-1)*

A district shall provide each student who fails to perform satisfactorily on an EOC assessment instrument with accelerated instruction in the subject assessed by the assessment instrument. *Education Code 39.025(b-1)* [See EHBC]

College Readiness

Each district shall partner with at least one institution of higher education to develop and provide courses in college preparatory mathematics and English language arts. The courses must be designed:

1. For students at the grade 12 level whose performance on:
 - a. An EOC assessment instrument required under Education Code 39.023(c) does not meet college readiness standards; or
 - b. Coursework, a college entrance examination, or an assessment instrument designated under Education Code 51.334(a) indicates that the student is not ready to perform entry-level college coursework; and
2. To prepare students for success in entry-level college courses.

A course must be provided on the campus of the high school offering the course or through distance learning or as an online course provided through the institution of higher education with which the district partners.

Faculty

Appropriate faculty of each high school offering courses and appropriate faculty of each institution of higher education with which the district partners shall meet regularly as necessary to ensure that each course is aligned with college readiness expectations.

Notice

Each district shall provide a notice to each eligible student and the student's parent or guardian regarding the benefits of enrolling in a course.

Credit Earned	A student who successfully completes an English language arts course may use the credit earned toward satisfying the advanced English language arts curriculum requirement for the foundation high school program under Education Code 28.025(b-1)(1). A student who successfully completes a mathematics course may use the credit earned in the course toward satisfying an advanced mathematics curriculum requirement under Education Code 28.025 after completion of the mathematics curriculum requirements for the foundation high school program under Education Code 28.025(b-1)(2).
<i>Dual Credit</i>	A course may be offered for dual credit at the discretion of the institution of higher education with which a district partners.
<i>Instructional Materials</i>	Each district, in consultation with the institution of higher education with which the district partners, shall develop or purchase instructional materials for a course consistent with Education Code Chapter 31. The instructional materials must include technology resources that enhance the effectiveness of the course and draw on established best practices. <i>Education Code 28.014</i>
Security	To ensure that each assessment instrument is reliable and valid and meets applicable federal requirements for measurement of student progress, districts must comply with all of the applicable requirements specified in the test administration materials, which include general testing program information, requirements for ensuring test security and confidentiality described in the annual Test Security Supplement, procedures for test administration, responsibilities of personnel involved in test administration, and procedures for materials control. Test coordinators and administrators must receive all applicable training as required in the test administration materials and districts must maintain records related to the security of assessment instruments for a minimum of five years. <i>19 TAC 101.3031</i>
Confidentiality	Individual student performance results are confidential and may be released only in accordance with the Family Educational Rights and Privacy Act of 1974. <i>Education Code 39.030(b)</i> [See FL and GBA]
Penalties	Violation of security or confidentiality of any test is prohibited. A person who engages in conduct prohibited by the Test Security Supplement may be subject to sanction of credentials.

Procedures for maintaining the security and confidentiality of state assessments are specified in the Test Security Supplement and in the appropriate test administration materials. Conduct that violates the security and confidentiality of a test is defined as any departure from the test administration procedures established in the Test Security Supplement and other test administration materials. Conduct of this nature may include the following acts and omissions:

1. Directly or indirectly assisting students with responses to test questions;
2. Tampering with student responses;
3. Falsifying TELPAS holistic ratings or STAAR Alternate 2 student responses;
4. Viewing a test before, during, or after an assessment unless specifically authorized to do so;
5. Discussing or disclosing the contents of any portion of a secure test;
6. Scoring student tests, either formally or informally;
7. Solving secure test questions;
8. Duplicating, recording, or electronically capturing secure test content unless authorized to do so;
9. Fraudulently exempting or preventing a student from participating in the administration of a required state assessment;
10. Receiving or providing unallowable assistance during the TELPAS calibration activities;
11. Encouraging or assisting an individual to engage in the conduct described in the items listed above or any other serious violation of security and confidentiality; or
12. Failing to report to an appropriate authority that an individual has engaged in conduct outlined in the items listed above or any other serious violation of security and confidentiality.

The State Board for Educator Certification (SBEC) may take any of the following actions against any person who violates, assists in the violation of, or solicits another to violate or assist in the violation of test security or confidentiality, as well as any person who fails to report such a violation:

1. Place restrictions on the issuance, renewal, or holding of a Texas teacher certificate, either indefinitely or for a set term;

2. Issue an inscribed or non-inscribed reprimand;
3. Suspend a Texas teacher certificate for a set term;
4. Revoke or cancel a Texas teacher certificate without opportunity for reapplication either for a set term or permanently; or
5. Impose any additional conditions or restrictions upon a certificate that SBEC deems necessary to facilitate the rehabilitation and professional development of the educator or to protect students, parents of students, school personnel, or school officials.

Release or disclosure of confidential test content could result in criminal prosecution under Education Code 39.0303, Government Code 552.352, and Penal Code 37.10. SBEC may take any of the above actions based on satisfactory evidence that an educator has failed to cooperate with TEA in an investigation.

Any irregularities in test security or confidentiality may also result in the invalidation of student results.

The superintendent and campus principal must develop procedures to ensure the security and confidentiality of the tests, and will be responsible for notifying TEA in writing of conduct that violates the security or confidentiality of a test. Failure to report can subject the person responsible to the applicable penalties.

19 TAC 101.3031(b)(2), 249.15(g)

Minimize
Disruptions

In implementing the commissioner's procedures for the administration of assessment instruments adopted or developed under Education Code 39.023, including procedures designed to ensure the security of the assessment, a district shall minimize disruptions to school operations and the classroom environment. *Education Code 39.0301(a-1)*
