Meal Charges

Federal Law

For each campus that participates in the federal school breakfast or lunch programs under which students may incur a meal charge, the District's administrative regulations shall address procedures for a student who has insufficient funds to purchase a meal. The procedures shall address:

1. The parameters under which meals shall be served to the student;
2. The District's efforts to minimize overt identification of the student; and
3. How the District will attempt to collect unpaid debt in order to maintain the financial integrity of the food service account.
